SAMLAMBOURN  
Chairman of the North Western  
Waters Regional Advisory Council

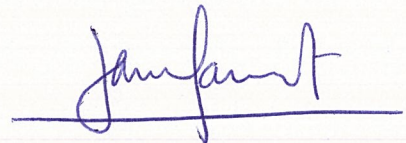

Dear Sam,

Your letter of 22/4/2009 has been discussed at the Bureau and the plenary meetings of ACFA on the 16th and 17th June 2009.

ACFA fully agreed with the contents of your letter and unanimously supported your request to the Commission for the organisation of a EU-level workshop drawing together representatives of all RACs, ACFA, EP, producers' organizations, other interest groups, national governments and EC officials aiming at the analysis of a full range of issues and the identification of solutions.

The members of ACFA have welcomed the Commission's initiative to organise a half a day joint meeting ACFA / interested RACs in the framework of the WG3 of ACFA on 8 July 2009. However, during the plenary meeting, the members of ACFA have requested to the Commission the organisation of the above mentioned workshop early in 2010 (if it was not possible this year).

Yours sincerely,
